NOTABLE PASSES AWAY.

DUBLIN, Ireland, Aug. 15.—The Right Hon. Sir Samuel Walker, lord chancellor of Ireland, died here yesterday. He was 79 years old.

Don't miss the Basket Social on Thursday evening at the Presbyterian church.

Saturday was payday at the mines and at McGill, and there were disbursed throughout the district in the neighborhood of \$250,000 in coin. Both at the steam shovel pit and at the smelter work has increased and the payrolls are increasing likewise.

On Tuesday the Nevada Northern Railway company will disburse \$25,000 more to its employees. No camp in the state can make a better showing than this, and the prospects are for a betterment of conditions in the district all along the line.—White Pine News.

FOUR ARE KILLED IN WRECK OF A FAST TRAIN ON FLORENCE AVE. TO BE REOPENED

The Celtic boarding and rooming house on Florence avenue, which has been vacant for a number of years, is to be reopened on September 1 by Mrs. P. V. Meyer of Bellehelen. This is an evidence of the increase in population of Tonopah. Vacant houses of all descriptions are rapidly being occupied. The Celtic is one of the largest rooming houses in Tonopah.

TROUBLE IN LIVERPOOL.

LIVERPOOL, Eng., Aug. 15.—At 2 o'clock yesterday morning a mob set fire to two houses in Gerrard street and stood about and cheered while they were burning. Altogether forty policemen were treated for injuries received during last night's fighting with the strikers. Several persons suffered from broken limbs and one policeman had his jaw smashed with a bottle.

JOE PIERCY WEARS A SMILE.

Joe Piercy is around with one of those big, broad smiles that won't wear off and the cause—a son and heir. Last night Mrs. Piercy presented her husband with an eight and one-half pound boy. Mother and child are doing nicely.

TARIFF REVISION IS NEARING END

WASHINGTON, Aug. 15.—The whole tariff revision question will be settled this week, which, in all probability, will mark the closing of congress. Almost all members of both houses are anxious to get home, despite the vociferations of revision that they are willing to remain in session until autumn if the legislation they want could be enacted.

All of the power of the democratic party that now controls the house and made effective through the democratic-progressive republican coalition in the senate, will be centered on quick action on the trio of tariff measures. This means, according to the belief of leaders on both parties, that adjournment is possible by the end of the week, or, at any rate, a few days thereafter.

Out of the present tangled situation, with three tariff bills—wool, the free list and cotton—in varying stages of legislation, the wool measure will be the first to emerge. Complete agreement between the two pieces of legislation, which provides a basic average duty of 29 per cent ad valorem on raw wool with the wool classification provisions identically as framed by Underwood, making a flat tariff on all wools.

Everything hinges on that veto and the subsequent move in the house. Democratic leaders are sure of the passage of the bill over the president's veto in the house, but are doubtful of the outcome in the senate.

The free list bill and the cotton bill are still hung up. The free list bill is disagreed on, the amendment adding lemons to the free list, and the senate amendment limiting free transportation of meat and cereal products to those countries which have a reciprocal trade arrangement with the United States. They agreed to all other amendments, and a conference report will be presented to both houses today.

J. G. Crumley, president of the sewer company, has had a force of men at work cleaning up the cesspool at the corner of Main street and Brougher avenue, which drains into the sewer. This pool had accumulated debris from the gutters of the street and the cleaning up will be put in with an iron grating so as to facilitate the cleaning in the future.

ENGINES TORN FROM TRUCKS AND GO DOWN EMBANKMENT

Many Passengers Are Seriously Injured—
Men Battle With Women In the Awful
Confusion—Second Big Smash
Within One Week.

FORT WAYNE, Ind., Aug. 15.—Four were killed and thirty injured when the Pennsylvania 18-hour train enroute from Chicago to New York, jumped the track at the western outskirts of this city at 6:30 o'clock last evening, while going 50 miles an hour. The dead: Unidentified engineer, believed to be either Arwick or Bergen, buried under the wreckage; Peter Malone, Fort Wayne, engineer of the flyer; W. Creagh, Fort Wayne, fireman of the flyer; unidentified passenger at St. Joseph's hospital.

The police department, fire department and every ambulance in the city was called to the scene and the injured were soon taken to hospitals.

The main track and the track on which a freight train was standing, were torn up for 200 yards. The engines of the flyer were torn from the trucks and thrown down an embankment while the engine of the freight train reared up over the

tracks of the flyer's engine.

Several of the injured are in a serious condition and it is expected more deaths will occur. George Mitchell, his wife and four children of Los Angeles, passengers on the train, escaped serious injury almost miraculously.

"There was a panic such as I never supposed could happen," said Mitchell. "I saw men seize a woman whose companion had broken a window and was pushing her through, pull the woman back and crawl out themselves. Several men rushed over my family. We were the last to get out of the car. My daughter, aged 14, has a bad cut on the leg, but the rest escaped with only bruises and slight cuts."

The same train was wrecked a week ago last night near Hammond, Ind., although no one was killed. This week marked the fourth accident that has occurred since the Pennsylvania 18-hour train was placed in service in June, 1905.

MONTANA TEAM HAS ACCEPTED CHALLENGE OF THE BELMONT

Manhattan Offers Purse for Labor Day Tag
of War, But Local Business Men Want to
Hold Contest Here on That Day and Will
Raise Purse.

The Montana tug-of-war team has accepted the challenge of the Belmont team for a contest, and agreements have been practically completed, with the exception of the date of the contest. Manhattan has issued a challenge for the Montanas to pull over there on Labor Day and Captain Evans of the Montanas has been figuring on meeting the Belmonts on next change day and the winning team to meet the Manhattan.

The Manhattan business men have offered a purse of \$250 and promise a big side bet for Labor day, but some of the local business have registered a kick and have made a proposition to the captains of both teams that this town will give a

purse for a contest here on Labor day, and also give prizes for drilling and other sports.

It has been suggested that Chief of Police Smith take the initiative and visit all the business men for the purpose of raising funds for prizes on Labor Day and all who have discussed the matter are in favor of the celebration.

Tonopah, as the largest labor camp in the state, had surely ought to celebrate the day set aside for tollers to observe and it would only be fitting and proper that a purse be raised for tug-of-war, drilling and other sports, and it is to be hoped that when Chief Smith calls on the business men they will respond willingly.

POSTAL BANKS IN LARGER CITIES

SYSTEM IS BEING RAPIDLY EXTENDED TO INCLUDE ALL
IMPORTANT POINTS.

WASHINGTON, Aug. 15.—Encouraged by the successful trial for two weeks of postal savings system in the great postoffices of New York, Chicago, St. Louis and Boston, Postmaster General Hitchcock has decided to extend the system rapidly to all the large cities, and yesterday designated as postal savings depositories Kansas City, Pittsburg, Detroit, Buffalo, San Francisco, Cincinnati, Seattle, Indianapolis, Denver and Portland, Ore.

The deposits in New York, Chicago, St. Louis and Boston for the first five days amounted to \$110,000, at which rate the annual deposits for the four cities would amount to about \$7,000,000. There are altogether 426 large city postoffices of the first-class, and it is the purpose to have them all designated as postal savings depositories before the first of the year.

With few exceptions the postoffices of the second-class, of which there are about 1600 already, have been designated and very shortly the designation of third-class offices will begin.

The young ladies will bring dainty basket to the social at the Presbyterian church on Thursday evening. Be sure to get one.

COMPANY READY TO DEVELOP SALINE DEPOSITS IN NYE

The Railroad Valley Saline company perfected its organization several days ago in Tonopah. The following officers were elected: President, Victor Brandt; vice president, John M. Fox; secretary, W. W. Charles; treasurer, John Lawton Butler.

These gentlemen, together with Hugh H. Brown, constitute the board of directors. The company is organized to prospect for potash. A considerable number of Tonopah people are interested.

SISTER OF MOISSANT AWARDED PILOT LICENSE

MINEOLA, N. Y., Aug. 15.—Miss Matilda Moissant, sister of the late John B. Moissant, who was killed in New Orleans last year, was awarded a pilot's license by the Aero Club of America yesterday. She is the second woman in the United States to receive a license under the stringent revised international rules. Miss Harriet Quluby having been the first. Miss Moissant used an American monoplane. Her figure "eights" were executed like a veteran's and her landing were unusually accurate.

GREAT BRITAIN FACES TROUBLE

LONDON, Aug. 15.—Great Britain appears to be confronted by a grave labor movement, compared with which the London strike, just ended, would be a small affair. Together with street battles in Liverpool of a most furious nature and serious riots at Glasgow comes the news of meetings of railway employees at Liverpool, Glasgow, Manchester, Bristol, Sheffield and other large cities at which threats were made of a general strike of all railway men, transport workers and dockers, unless existing disputes are settled promptly.

Everywhere the workers appear to be encouraged by the success of the London strike to take energetic steps to secure better terms for their services. In London itself both railway and street car strikes still threaten. The men had a meeting yesterday and discussed the situation, but have not yet taken active measures for going on. As in Glasgow, London's tramway service is run by the municipality.

A serious feature of the situation is the resentment displayed at the employment of the military and of police of the other towns to mitigate the effects of the strikers' supply of food and other necessities. The socialist party is doing its utmost to fan this resentment.

POPE IMPROVING.

ROME, Aug. 15.—The condition of the pope yesterday was almost stationary, but with a tendency toward slow though gradual improvement. His temperature was 98.8, and while the pains in the gouty knee troubled much, the pontiff suffered much less. He took more nourishment and his strength was well maintained.

The Tonopah Lumber company has the largest stock of all kinds of lumber—mining timbers and building material; wholesale and retail. Mining timbers a specialty.

8-9-11
until after dark and was only able to alight after a fire had been built to show him the location of the park.

Lincoln Beachy, never driving more than 50 feet above the ground, won the 20-mile speed contest for biplanes, making the distance in 23 minutes, 11-26 seconds and defeating Earl Ovington and James Ward, who finished in the order named, for a beginner.

SEVERAL CASES HAVE BEEN SET FOR TRIAL THIS WEEK

Friday, August 18—State of Nevada vs. Jack Tomanovich. Trial.

VISITORS TO MILLERS.

J. Harvey Whiteman, vice president and general counsel for the Tonopah Mining company, and Dr. Ellegood of Wilmington, Del., who have been in Tonopah since last Saturday, visited Millers this afternoon.

BIG CROWD AT THE BUTLER LAST EVENING

AN EXCELLENT PROGRAM OF
PICTURES AND VAUDEVILLE
FOR TONIGHT.

One of the largest crowds that ever attended a moving picture theater in Tonopah visited the Butler last night and enjoyed a thoroughly good show. The K. of P. gave a good show and every one went home well pleased. For tonight's performance Clifford and Parlova, that clever vaudeville team, will be heard in another entire change of music and pictures. The pictures for tonight are as follows: "Over the Garden Wall," a Kalem comedy; "A Soldier's Ring," a Selig war picture, and a feature Essanay drama entitled "God's Inn by the Sea." This program for this evening is one of the best shown in a long time and must be seen to be appreciated.

GOLDFIELD PREACHER WAS CAUGHT IN ACT

REV. REDDINGTON L. SNYDER
AGREES TO LEAVE MINING
CAMP IN HURRY.

Rev. Reddington L. Snyder, formerly pastor of the Goldfield Presbyterian church, who was arrested there yesterday to protect him from further attack by Edwin Baker, a miner, who had compelled Snyder on the head with the butt of a revolver and was threatening to shoot him when an officer intervened. The assault was provoked, it is alleged, by the presence of Snyder in Baker's house when the latter returned unexpectedly early yesterday. Baker pursued Snyder into the street, using his pistol as a club. Later Mrs. Baker and her husband were arrested, but Baker, saying that he and his wife had become reconciled, refused to prosecute Snyder, and all parties were released, the preacher agreeing to leave town on the first train.

Snyder was dismissed from the pastorate of the Goldfield church three weeks ago because of an alleged scandal.
